SUMMARY

B.Tech CSE 3rd-year undergraduate at Sister Nivedita University with a relentless drive for full-stack engineering, IoT, and generative AI. As a strategic leader within the 10x Club Coding Ninja Community, I pioneer collaborative development and mentor emerging talent. I specialize in architecting seamless integrations between digital software and physical hardware, transforming complex challenges into elegant, high-impact solutions through innovative technical leadership and a rigorous problem-solving mindset.

PROFESSIONAL EXPERIENCE

Hackathon Experience:

- **SIH 2025 | AspirePath: Ranked Top 33 (Intracollege)** for engineering an AI-driven, one-shot career guidance architecture.
- **OnChain Island - 2:47 Studio:** Architected a secure Web3 crypto-domain infrastructure for high-integrity decentralized transactions.
- **InnoFusion 2025: Winner (IoT Track)** for conceptualizing and deploying an autonomous robotic prototype for real-time fire suppression.
- **Build in Aptos - Kolkata:** Developed "BartaOne," a decentralized news platform leveraging blockchain protocols and native token integration.
- **Hackfest SAP 2k25:** Engineered a scalable MERN-stack waste-exchange platform focused on driving global environmental sustainability.
- **Visteon Hackathon 2025: Secured Top 3** by implementing high-precision automated fire detection systems using advanced signal processing.
- **GDG Solution Challenge 2025:** Formulated a responsive, global-scale safety application utilizing Google technologies to mitigate real-world hazards.
- **SIH 2024 | Farm-Market: Ranked Top 40 (Intracollege)** for optimizing agricultural crop management through data-driven technical intervention.

Internship Experience:

AWS DevOps Intern | Employability.life • Federation University Australia (Nov 2025 – Jan 2026)
- Architected scalable AWS cloud infrastructure and automated CI/CD pipelines using Infrastructure as Code (IaC) to optimize production-grade deployment workflows.

Frontend Web Developer Intern | 0xytocin Labs • Bangalore (June 2025 – Aug 2025)
- Engineered high-performance, responsive product named **NetGenome** using React.js, optimizing UI/UX consistency and system efficiency through rigorous code refactoring.

Leadership & Community Engagement:

- **Vice President | Coding Ninjas Club • SNU (Aug 2025 – Present)**
- **Campus Ambassador | Repository (July 2025 – Present)**
- **Campus Ambassador | GSSoC (June 2025 – Dec 2025)**
- **Volunteer (Core Team) | WiT Dreamin' • Salesforce (Oct 2024)**
- **Community Contributor | GSSoC (May 2024 – Aug 2024)**
- **Volunteer (Management Team) | IIC Innovation Utsab (Jan 2024).**
